1. It was observed in early January 1951 that the wooded area about 3 km southeast of Sv. Katerina (N 50/U 88), in which the arrival of sections of prefabricated huts was noticed previously, was cordoned off by border police. It was not possible to approach the area from the east. About 200 Czechs were employed on the construction of these temporary buildings, the purpose of which was allegedly unknown to them. *

25X1 * [REDACTED] Comment. The setting-up of prefabricated huts in this area was reported previously. [REDACTED] It is believed that border guard units committed for the tightening of border control are to be quartered in these huts.
